Search high and low,
Follow every byway,
Every path you know.

Climb every mountain,
Ford every stream,
Follow every rainbow,

# Dedication

Our future depends to some measure on what we obtain from the years we spend and from the studies we take while enrolled at this school. There have been many who touched our lives (noticed or unnoticed) building — creating — teaching — who have made the going easier, and the acquiring of knowledge more interesting. To one of these who has perceptibly influenced our lives by his keen insight into human nature we dedicate this annual.

He is one who believes we are not only here to learn curricular subjects, but to develop firm foundations to take our place as useful citizens. With his patient understanding, with sincere words of encouragement, with his spicy humor, and with his intense desire to help us learn, Mr. Reiter, an astute teacher and sincere educator, has contributed much to our high school years.

# Administration

Dear Students:

The people of the Montesano School District have provided you with excellent school facilities. The administration and teachers have endeavored to establish a climate favorable to the continuing of your education.

We believe you should be commended on your good use of these opportunities. You have done a satisfactory job of disciplining yourselves and each other. This, we are sure, will serve you well in the future.

Best wishes to all of you in the coming year.

# Class History

To begin our four year climb up the mountain of studies, activities, and fun at M. H. S., the class of '66 elected Steve Schurr, freshmen class president; Ron Tagman, vice-president; Bonnie Pullar, secretary; Cathy Sims, treasurer; and Greg Moore A. S. B. representative. Mr. Anderson was our class advisor.

Bonnie Pullar was elected Girls Club treasurer and Toni Aubuchon was freshmen representative to the Girls Club cabinet.

We sponsored our first high school dance, "Bongo Stomp." we were proud to have fifteen names on the honor roll, three of whom had straight A's. Carolyn Langham, Rose Karlsen, and Linda Hampton.

As we continued up the mountain as sophomores, we elected Ron Tagman, president; Toni Aubuchon, vice-president; Rob Bender, secretary; and Steve Schurr, A. S. B. representative. We were again advised by Mr. Anderson.

Remember how proud we were of Bonnie Pullar when she was elected student body secretary? Bonnie was the first from our class to hold a student body office. Toni Aubuchon was G. A. A. secretary. Jane Southard was secretary of Girls Club and Nancy Wadsworth was representative to the Girls Club cabinet. Mike Howell was Junior Boys Club treasurer.

We were proud to have 22 names on the honor roll. We sponsored two dances this year: one after game dance and our Sophomore Hop "Surfin' Safari."

In the fall of 1964, 87 juniors returned to continue our climb. We were led by Greg Moore, president; Randy Flink, vice-president; Sam Hutchinson, secretary - treasurer and Stan Craig, A. S. B. representative.

Dean Lougheed was elected student body vice-president. Pam Walker was vice-president of G. A. A. and Cathy Sims was treasurer of the same club. Toni Aubuchon was Girls Club vice-president and Jane Southard was representative to the Girls Club cabinet. Linda Bryson led our G. A. A. drill team. We had 13 names on the honor roll.

This year we combined with the senior class to sponsor the Junior - Senior Ball, "Web of Gold."

Finally we were on our last stretch of mountain "Seniors" at last! Our 77 mighty seniors elected Terry Smith to lead us through our last year at M. H. S. Terry was assisted by John Murphy, vice-president; Jane Southard, secretary; Pam Walker, treasurer and Mike Howell, A. S. B. representative.

Six presidents were elected from our class. Greg Moore was president of the student body Pam Walker of G. A. A., Toni Aubuchon of Girls Club, Linda Bryson of Pep Club, Stan Craig of Lettermens Club and Terry Smith of Senior Boys Club. Mike Marines was student body treasurer.

Again the Junior Prom and Senior Ball were combined with the theme "Shangri-La."

Our Senior Class was well represented in sports. We had 14 names on the honor roll.

At last we reached the summit with our commencement on June 7, only to find that one should never measure the height of a mountain until they have reached the top, then they will see how low it really was.

Never Measure The Height of a Mountain Until You Have Reached The Top. Then You Will See How Low it Was.

# Good-by

## THE MOUNTAIN

Majestic beauty, wrapped in virgin snow,
With purple shadows rimmed against the sky,
Your throne, entrenched in glacial lazuli
Securely rests upon the ceaseless flow.
Tall pines with outstretched arms their shadows throw
In worship at your feet, and prostrate lie
Across the crystal pools to deify
Your own feflection dipped in indigo.

And yet when twilight with the day is done
You seem a phantom wrapped in scarves of mist.
You disappear and vision fails to find
Your whitened form, until the night's pale sun
Shines full and you return to keep your tryst
With splendid heaven, earth, and all mankind.

# TOMORROW IS YOURS

Viet Nam . . . Medicare . . . "In Cold Blood" . . . Space Race . . . "Batman" . . . Tijuana Brass . . . Tree Farm Day . . . all telltale trademarks of 1966.

But what of the year 2000, just 34 years hence? Will it be One World . . . Accident-Free Highways . . . Week End On The Moon . . . Sons Of The Beatles . . . No Poverty?

These intriguing questions of today cannot be answered, but one thing is certain — tomorrow belongs to the Classes of 1966, those at Montesano High School and elsewhere. Only you can provide the answers.

We of the VFW look forward to tomorrow, because we have faith in our youth of today. We are confident the Monte seniors of 1966 will contribute significantly to local, national and global achievements. Godspeed — and our good wishes!

Hi kid!
I hope you don't mind me reading this over the summer.

Mary,
It's really amazing, isn't it? (I'll leave it to your imagination to figure out what's amazing, ok?)
I'm really glad that you were in 4 of my classes (did you realize that?). Especially geometry - I don't know who would have supplied me with rulers, compasses, paper, pencils, and last but not least - Kleenex!
I wish you the best of luck and happiness, Mary, not only during your high school days, but also through the years of your later life.

Miriam

Mary, I'm not sure if you read this or not, but I didn't know what to write so I decided to write on the clouds. I'm not sure if you are or not but I think it's a pretty neat idea. Have a great summer.
